

# Northshore Corridor ASSOCIATION

*For Smart Development*

We're a grassroots organization that wants the average citizen's voice to be heard when it comes to development along The Northshore Corridor and Pellissippi Parkway. We're not against development — we just want smart development that includes community awareness and input.

Join us at the September 13th MPC Meeting at 1:30 p.m. to make sure your voice is heard!

The meeting will be in the City County Building (Large Assembly Room).
